

NAVY ENVIRONMENTAL PREVENTIVE MEDICINE UNIT 5 (NEPMU5) TRI-SERVICE FOOD CODE (TSFC) TRAIN THE TRAINER (T3) COURSE

Background: In November 2009 a new initiative was launched to develop a joint food sanitation standard for use by military public health. The Food and Drug Administration's 2009 Food Code was adopted and modified to meet the needs of the military. The new document will supersede previous editions of Army TB MED 530, Navy NAVMED P5010-1, and the 2005 FDA Food Code used by Army and Air Force Veterinary Services and will be phased-in during fiscal year 2014.

Purpose: The two day TSFC T3 course provides training on the new joint food sanitation standard and associated inspection forms.

Targeted participants: Navy, Army, or Air Force Regional or installation-level public health personnel (EHO, ESO, IDC, PMT, Vets, etc.) who are able to execute additional training and/or conduct facility sanitation inspections within their jurisdiction.

When: From 0800 – 1530 on APRIL 15-16, 2014*

Where:

NEPMU5, Bldg 3235
3235 Albacore Alley
San Diego, CA 92134
Phone: 619-556-7070 or DSN: 526-7070
